

MANUEL MARCOS M. VILLALON II
Vice President, Finance

Mr. Manuel Marcos M. Villalon II joined PSALM in 2004 as a consultant to the PSALM Finance Group and became the manager of the Loans Administration Division the following year. Prior to his appointment as Acting Vice President for Finance, he was the manager of the Treasury Department and acting manager of the Liability Management Department. In his first few years in PSALM, he was heavily involved in the PHP 200 billion debt absorption by the national government, valuation of power plants up which were up for sale and obtaining creditors' consent - especially from the World Bank, Asian Development Bank and Japan Bank for International Cooperation - for the privatization of the National Power Corporation's generation and transmission assets. His stint in PSALM also includes contracts management, policy research, power accounts management, WESM billing and settlement, and procurement.

Prior to joining the government service, he worked in the non-government sector promoting youth development and managing social projects benefitting the underprivileged focusing on health, nutrition, agricultural and technical education with the assistance of local and foreign volunteers. His stint in the NGO sector involved project/program development and management, fund raising, budgeting, cash management, and maintaining good relations with local and foreign donors. His other work experiences include journalism, advertising, marketing, investment promotion, and business-economic research.

Mr. Villalon has passed the Certified Treasury Professional examination of the Bankers Association of the Philippines' Treasury Certification Program. He obtained his

Economics degree from the Ateneo de Manila University and Master in Public Administration, major in Public Policy and Program Administration, from the University of the Philippines - National College of Public Administration and Governance. He is also a Career Executive Service eligible. He volunteers his free time in giving Math tutorials to public elementary school pupils.
